Chief Gary Britt

Dear Kill Devil Hills Community,

As we all are effected by the threat of COVID-19, our staff and officers continue to be committed to providing the best services to our residents and guests. During this time, we will provide law enforcement services while doing our best to keep our citizens and staff healthy.

We ask for your understanding during the following actions:

- If your request for service is not an emergency, we may call you back to handle your situation via phone.
- Our officers may answer calls for service wearing personal protective equipment, which may include gloves, mask, or additional protective equipment. This is strictly for their protection and in no way is it intended to be offensive.
- Also, as a protection measure for everyone, officers and other staff may not shake your hand.
- When we arrive on scene, we may ask that you exit your home or business to speak with you outside.
- We have currently suspended our fingerprinting service to the public until further notice.

We hope you understand our temporary changes and will be patient with our new processes. If you have any questions or concerns, please call our Police Department at 252-449-5337. For emergency assistance call 911 or Dare County Communications at 252-473-3444.

Respectfully,

Gary L. Britt
Chief of Police
