STIP Program Update

Prioritization 6.0 Suspended

- Decision made in August 2021 by NCDOT BOT
- We will still receive scores of previously submitted projects
- Draft 2024-2033 STIP must be released by December 2022 per General Statute to update the STIP every 4 years

Previous Project Holds

- Projects being put on hold beginning in August 2019 were due to NCDOT's efforts to restore our cash balances
  - Storms
  - Map Act
  - Reduced Revenues from Covid
- Today's Cash Balance is Strong!
  - Currently = $1.98 B
  - Target = ~$650M
- Current P6.0 Suspension is due to rising construction costs NOT cash balances

Upcoming Actions

- Look at value engineering and value assessment
- Cost savings in design
- Look at priorities in each area
- Workgroup to decide if new STIP should include Committed projects only or Committed + Non-Committed projects
- NCDOT will work hand in hand with the Planning Organizations
- The RPOs will be asked to vote on the STIP in 2023
