

SANTA CLAUS WILL BE RIDING THROUGH KILL DEVIL HILLS

Santa just couldn't wait any longer to visit the children in Kill Devil Hills! While the elves are busy polishing his sled and all of the reindeer are resting up to prepare for the "big night," the KDH Fire Department, who, along with the KDH Police Department, offered to help Santa by driving him through areas of our Town so he could wave hello to the kids in KDH.

Please note :

We are so excited for Santa to visit Kill Devil Hills! Not only will crews from our fire department be driving Santa through Town, but they will also be walking alongside the truck, the entire route, to ensure everyone's safety. While the lists of streets below may not appear to be lengthy, many of the streets themselves physically are, and to protect our firefighters and Santa's energy, unfortunately, we are not able to visit every street in Town. We hope that by providing notice in advance, those who wish to see Santa can make arrangements.

December 10:

beginning at 5:30 p.m.

Beginning at W. Hayman Blvd.
(circling around the park)
portions of Bay Dr.
portion of W. Avalon Dr.
