Memorandum

To: Debbie Diaz, Town Manager

From: Cameron Ray, Assistant Planning Director

Subject: Zoning Amendment Request –153.002 Definitions & 153.177(H)(8) Outdoor Dining Activity Area(s): Allow Sail Shade(s)

Attached is a Zoning Amendment request from John Kirchmier to amend Town Code sections 153.177(H)(8) and staff review comments. The amendment request is to 153.177(H)(8) for allowing sunshade(s) to be used in Outdoor Dining Activity Area(s), which is a Special Use within the Commercial Zoning District. The request would allow for sunshades to be allowed for shading in outdoor dining areas within the building setbacks. Attached you will find the applicants original Zoning Amendment Request.

During Administrative review, staff proposed revisions to the original request. The changes from the original request included; revise name of object to the industry standard “Sail Shade”, definition of “Sail Shade”, and conditions including lot coverage, height limit, area limit, size limits, NC Building Code compliance, and maintenance requirements. The revisions suggested are important for consistency with interpretation and the conditions listed are to ensure the intent of the ordinance and applicable codes are met. The revisions were presented to the applicant, which he consented to (attached).

On January 18, 2022 the Planning Board recommended approval of the below attached amendment to 153.002 and 153.177(H)(8):

153.002 Definitions

Sail Shade: A flexible fabric membrane tensioned between several anchor points designed to provide shade from the sun’s rays. Intended for temporary seasonal use at Outdoor Dining Activity Area(s).

Commercial Zone (C)

153.177 - Special Uses

(H) *Outdoor dining activity area(s).*

(8) Outdoor dining activity area(s) may not be roofed or shaded in any way other than standard table umbrellas *and sail shade(s)*. Erection of a tent subject to a special use or event permit from the town is not prohibited. **Sail shade(s) shall be permitted provided the following conditions are met:**

1. Shall be located within setbacks
 2. Shall be calculated for total lot coverage
 3. Height shall not exceed 15 feet
 4. No greater than 40% of the approved Outdoor Dining Activity Area can be covered with sail shade(s)
 5. Individual sail shade(s) shall not exceed 400 square feet
 6. Meet all requirements of the NC Building Code
 7. Sail shade(s) shall be maintained as designed and if frayed (threadbare, worn, tattered, unraveled, etc) or unsafe the sail shade will be required to be removed, repaired, or replaced

Staff recommends setting the required public hearing for March 07, 2022.

PLANNING BOARD REPORT

Per NCGS 160D-604(b), Zoning Amendments. – Subsequent to initial adoption of a zoning regulation, all proposed amendments to the zoning regulation or zoning map shall be submitted to the planning board for review and comment. If no written report is received from the planning board within 30 days of referral of the amendment to that board, the governing board may act on the amendment without the planning board report. The governing board is not bound by the recommendations, if any, of the planning board.

Per NCGS 160D-604(d), Plan Consistency – When conducting a review of proposed zoning text or map amendments pursuant to this section, the planning board shall advise and comment on whether the proposed action is consistent with any comprehensive plan that has been adopted and any other officially adopted plan that is applicable. The planning board shall provide a written recommendation to the governing board that addresses plan consistency and other matters as deemed appropriate by the planning board, but a comment by the planning board that a proposed amendment is inconsistent with the comprehensive plan shall not preclude consideration or approval of the proposed amendment by the governing board. If a zoning map amendment qualifies as a "large-scale rezoning" under G.S. 160D-602(b), the planning board statement describing plan consistency may address the overall rezoning and describe how the analysis and policies in the relevant adopted plans were considered in the recommendation made.

PLANNING BOARD RECOMMENDATIONS

Proposed Amendment Title: Proposed Zoning Amendment—§153.002 Definitions & 153.177(H)(8) Outdoor Dining Activity Area(s): Allow Sail Shade(s)

Therefore, the Planning Board finds the proposed amendment is consistent/inconsistent with the objectives and policies contained in the Kill Devil Hills Land Use Plan and/ or other officially adopted plans of the Town that are applicable.

This report reflects the recommendation of the Planning Board with a vote of 5 to 0, this the eighteenth day of January, 2022.

I think a definition of "sunshade" should be added to the definition section of the ordinance.

My only comment is, maybe there should be language that states the sunshades shall be removed at a certain timeframe prior to landfall of a named storm or predicted periods of winds over a given MPH.

Cameron,

I do not see anything that would adversely affect the Police Department responsibilities/safety as long as side petitions that may be used to block the Sun don't block the view of what is occurring when Police may have to approach. I will leave the construction and safety of sunshades to the engineers. Maybe include definition of "sunshades" that are to be allowed.

Thanks

Dana
